Eastwood Painting Project

GARRETT COUNTY GENERAL SERVICES
DEPARTMENT OLD COURTHOUSE
PROCUREMENT DIVISION

GARY MULLIC - 301-334-1928

Restoration and Painting of The Historic Garrett County Courthouse Complex, Oakland, Maryland in 2000, and again in 2007.

This contract required the restoration and painting of the soffit and fascia of this historic building. This work required the finest quality in terms of workmanship and visual quality.

The job site was especially challenging due to the height of the building and unevenness of the ground around the courthouse. This entailed the use of specially erected scaffolding as well as the use of 50' boom lifts. These challenges, along with not interfering with the normal functions of the offices, were also needs that had to be addressed and met successfully.

The scope of work included the cleaning of metal soffits to SSPC-63 cleanliness, the preparing & cleaning of the architectural elements of the building, and the coating of the exterior to specifications, while ensuring an even finish.

TOTAL OF CONTRACT \$ 109,576.00
