## Eastwood Painting Project

MARKET CENTER WEST- BALTIMORE,  
MARYLAND GENERAL CONTRACTOR  
HITT CONTRACTING CONTACT

( JOHN STRAWBRIDGE 703-928-2541 )

Eastwood was contracted to paint this 14 story building which consisted of residential as well as commercial interiors. Eastwood served as the MBE on this project.

This 14 story building consisted of 221 apartments as well as commercial space.

This project was challenging in that it was on a fast track time table. This was a test of Eastwood's ability to coordinate our work with that of other trades to help the

General contractor to succeed in meeting an extremely tight schedule. Instead of the contracted 25 week paint schedule, Eastwood completed this work within 18 weeks. Exterior work on the top floors was also completed.

Eastwood is proud of this project, as it demonstrated our ability to stretch our resources and managerial abilities and still be competitive without sacrificing any quality in our work. This project was completed in 2005.

**TOTAL CONTRACT \$ 435,871.00**
